The Ultimate

Aluminium Window Collection

Take a new view with our elegant aluminium windows

The Ultimate Aluminium Collection offers a flexible range of windows that are ideally suited to meet the demands of both traditional and new build homes. They are naturally strong and easy to maintain it's easy to see why they are a popular choice and a smart investment.

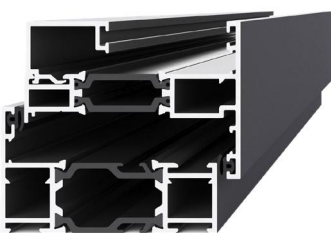

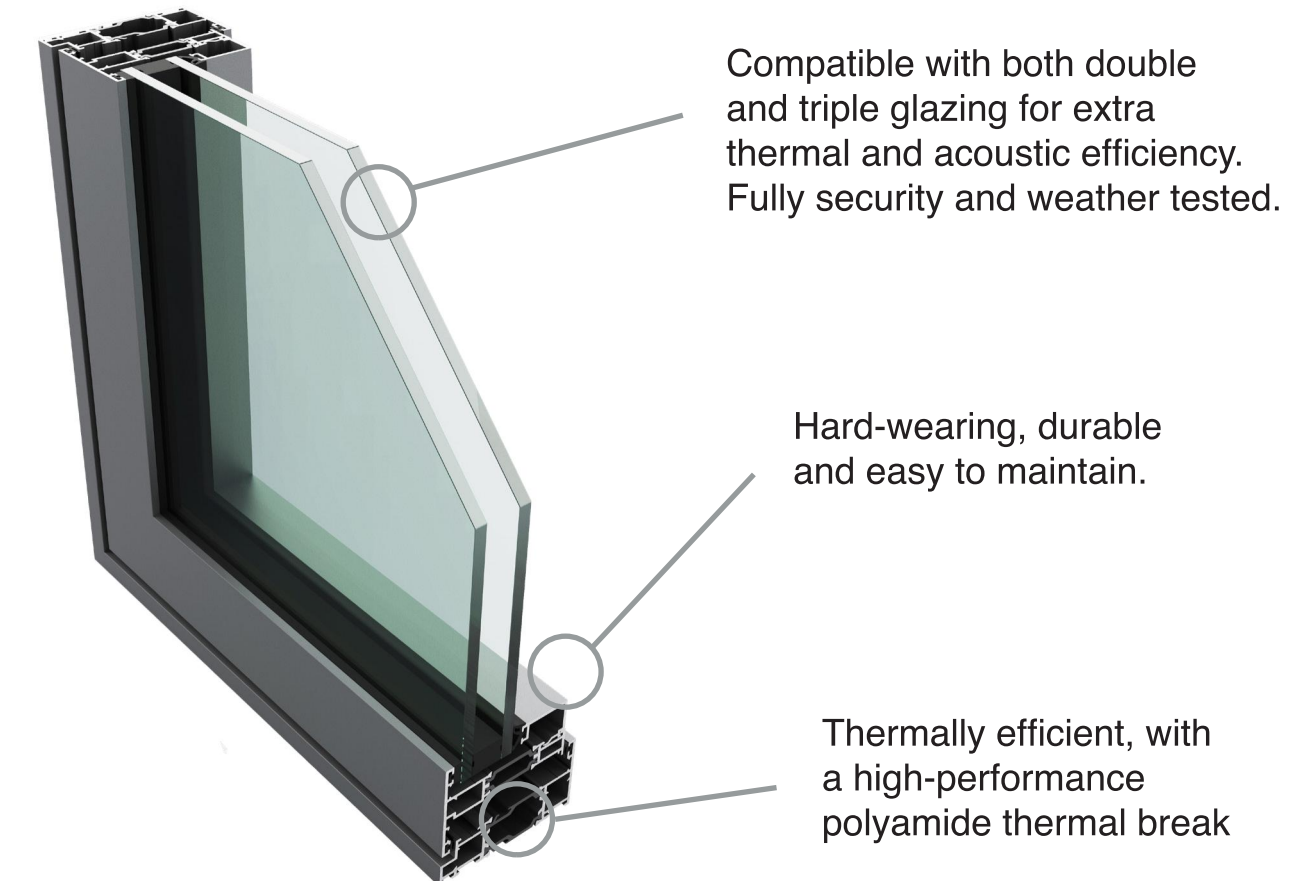

As the windows are fully recyclable and energy efficient, they can help to reduce your carbon footprint and your heating bills.

The strength of the aluminium allows our windows to support much larger spans of glazing within a slim frame. This gives uninterrupted views and greater light diffusion to transform not only how your home looks, but how it feels.

Re-frame the look of your home with The Ultimate Windows

Aluminium is becoming the material of choice for windows in homes across the country and one look at The Ultimate Windows tells you why. Sleeker than PVCu and easier to maintain than timber, the natural strength of aluminium means larger spans of glazing can be supported in much slimmer frames to really 'open' up your home, giving uninterrupted views and copious amounts of natural light.

Flat Faced Vent

Flush Faced Vent

The range of vents include a stylish flat faced or a flush option for a more modern look.

Putting quality in the frame

Versatile, affordable and built to last

Aluminium top or side hung casement windows offer a range of different design features to match you and your home's individual style.

The Ultimate Aluminium Windows can be used to create exciting new design schemes or to complement existing architectural features. The Ultimate system benefits from a slim yet secure aluminium frame which allows you to create light and airy interiors with maximum peace of mind.

The Ultimate French Windows are also the perfect partner for period properties, and the use of a flat faced option makes The Ultimate French Windows functional whilst maintaining character.

Glazing options

Available in 28mm bead for double or 44mm for triple glazing.

The Ultimate Aluminium Windows, offers the very best of both worlds by combining style with substance.

You can enhance the look and feel of your home by perfectly framing your views, without compromising on security or quality. Your living space can be bathed in natural light, whilst enjoying exceptional acoustic and thermal performance.

Enhance the look and feel of your home with The Ultimate Windows.
