Luxury Aluminium Doors and Windows by

# Introducing SEAMLESS...

Versatile and luxurious aluminium systems with stunning frames and incredible sightlines.

The beautifully sculptured SEAMLESS products are distinctive in their design using the highest quality materials and expert manufacturing.

Bringing ultra-modern designs and technically advanced systems to the world of doors and windows, using aluminium to provide the best solutions in every home.

SEAMLESS is a luxury collection of products brought to you by Alufold & Slide, incorporating their expertise and knowledge into a range of products unbeaten on quality.

- ❑ SEAMLESS Sliding Door
- ❑ SEAMLESS Bifold Door
- ❑ SEAMLESS French Door
- ❑ SEAMLESS Window
- ❑ SEAMLESS Panel Door

# Sleek

---

# Strong

---

# Secure

Premium aluminium systems designed to a high specification; thermally efficient, durable, safe and secure, all without compromising style.

## ALUMINIUM

SEAMLESS encompasses an exclusive range of luxury aluminium, market-leading products.

Aluminium is known as the highest-quality material on the market, renowned for its durability and hard-wearing materials. Aluminium doors and windows can be maintained for decades, due to their high resistance to the elements. It is also extremely strong, providing a high level of security in every home.

# SEAMLESS BIFOLD

One system that does it all

The slim profile sections of the SEAMLESS bifold minimise the visible framework and maximise the glass area, with super-slim sightlines from just 107mm. Offering one of the largest sash sizes available, SEAMLESS offers customers dimensions of up to 1200mm wide and 3000mm high per pane.

Enjoy silky smooth opening and closing operation due to engineering-grade hardware. Ideal to open up your space to the outdoors and create a visually stunning addition to your property. The doors also offer excellent thermal performance with U-values as low as 1.1 U/m<sup>2</sup>K with triple glazing, and 1.4 U/m<sup>2</sup>K with double glazing, plus high security to PAS24:2022 standards.

The SEAMLESS bifold system is endlessly versatile, suitable for projects requiring bifolding doors and windows, single doors and French doors.

- ❑ A slimline system used for single doors, French doors and bifolding doors and windows
- ❑ Engineering-grade hardware for silky smooth operation
- ❑ Market-leading maximum sash sizes and minimal sightlines
- ❑ Thermally broken system for maximum thermal efficiency
- ❑ Manufactured with up to 7 leaves each way (14 in total)
- ❑ Fitter-friendly & quick installation
- ❑ Clip-in bead and astragal heritage bar options available

All sashes with the bifolding system are available in 2 profile designs: square and textured square\*. Choose square for a classic look or textured square for a more contemporary alternative.

The SEAMLESS bifold system has been designed with ease of installation in mind. The system offers an optional adjustable jamb feature for maximum adjustability of +/- 4mm either side during installation, and is easily adjustable with an allen key.

New to the bifold system is our 90 degree door restrictor, preventing the door from opening more than 90 degrees. Easy to install, the arm can also be easily detached for full opening of the door.

\*Textured square only available in 7016 anthracite grey

Whether it's a single door, French door, bifolding door or window, they can all be fabricated from the same SEAMLESS bifold system. It's so versatile that it can cater to projects that require shaped frames, fixed frames, sidelights, astragal bars, blinds in glass, and can even be used as an entrance door with optional panel inserts.

All SEAMLESS bifold products can be finished in several glazing options to create a style to suit any property including:

- Double & triple glazing
- Integral blinds
- Heritage look astragal bars & transoms
- Solid panel inserts

# HERITAGE LOOK LUXURY

SEAMLESS, our premium range of aluminium, is constantly evolving and being enhanced. This continual improvement ethos perfectly encapsulates our drive, mission and service proposition as a team to be the most in-demand and luxury aluminium brand of choice across the UK.

Add a modern and contemporary feel to your doors and windows with our sleek heritage look style. Available as true divide or as slimline astragal bars on our bifold, French and single door ranges - offering further choice and flexibility to design and fabricate to suit your customers exact requirements.

Imagine the combination of this sleek, strong and modern steel-look, coupled with our PAS24 accredited lever lever lock system, enabling the ultimate symmetrical, premium finish to your fabricated and installed doors.

The features, benefits and design options are simply stacking up in favour of SEAMLESS, it's the reason why so many fabricating partners are choosing this range to help them grow their businesses successfully and sustainably.

# SEAMLESS FRENCH DOOR

Modern simplicity with traditional elegance

Aluminium French doors are an excellent access solution for areas where there is limited space, while accommodating modern glazing. Ideal for when access is required from multiple points of a property, these doors serve as great entry points at the rear of a house.

Benefitting from the sleek design of the SEAMLESS bifold system, these doors can be customised with a large variety of hardware & colour options to find the perfect style for any home. Add astragal bars or fixed transoms to achieve the popular heritage look or choose blinds in glass for added privacy in the home.

The SEAMLESS French range remains a popular choice for many homeowners due to its ease of installation and smooth opening and closing operation. The perfect & simple solution for entranceways that increases natural light in the home and offer a sleek, contemporary aesthetic.

- ❑ Designed for both internal and external access
- ❑ Manufactured using the SEAMLESS bifold system
- ❑ Wide variety of hardware & colour options to suit any style
- ❑ Elegant opening and closing operation
- ❑ PAS24:2022 certified and available with fixed transom or super slim astragal heritage bars

# LEVER LEVER LOCKS

Why not add an additional touch of luxury with our PAS24 accredited lever lever lock system, enabling the ultimate symmetrical and premium finish to your fabricated and installed doors!

This ultimate sleek and secure locking option can be installed within our super slim sash creating an aesthetically pleasing finish to the door design. Gone are the lever and opposing slave door handle and in their place is a uniform mirrored aesthetic with dual handles. No additional profiles or gaskets are required to upgrade to lever lever.

We have adopted our already well received universal keep to have a shootbolt locking function added, all in one lock & keep. Aesthetically more pleasing and with the slimmest sightline on the market for French door options, speed and ease of fabrication and a competitive price position, lever lever truly is a luxury addition to the SEAMLESS family and one that will undoubtedly accelerate your own installer demand.

# SEAMLESS GLAZED DOOR

Bringing light to smaller spaces

The SEAMLESS glazed door is the perfect solution for smaller spaces that lack natural light. In spaces with little room for patio or bifolding solutions, the single door floods a room with natural light, creating a bright and airy living space, thanks to its large glazed panel.

Choose fully glazed to let in the light or the satin glass for more privacy. Aluminium panels are also available for entrance door applications.

Designed using the versatile SEAMLESS bifold system, the single door benefits from simple operation. With multiple glazing options and colour choices available, a perfect match can be made to your home with the SEAMLESS glazed door.

- ❑ Designed for both internal and external access
- ❑ Wide variety of hardware & colour options to suit any style
- ❑ PAS24:2022 certified

# ALULOCK

## LOCK, KEEP AND HANDLE

The ultimate security kit for SEAMLESS bifolds, French doors & single doors.

ALULOCK security kit combines a euro profile cylinder as standard, with the option to upgrade to the Ultion 3-star barrel, with the Brisant Sweet Handle and an exclusively designed Duplex Double-Hook Lock, providing a solid 6-point locking system for additional security.

### THE SWEET HANDLES

Safe, Stylish & Durable

The Ultion Sweet Handles are a popular upgrade due to their impressive durability as part of the ultimate security kit. These are resistant to gripping tools designed to snap off handles during break ins.

Carrying multiple coatings of brass and nickel to ensure robust performance, these handles come with a 10-year anti-corrosion guarantee for peace of mind.

Available in a range of colours including: black, white, grey, chrome, stainless steel, gold and rose gold.

### STAINLESS STEEL HANDLE

316 Marine Grade Stainless Steel

The stainless steel handle upgrade has been designed by experts for enhanced performance and durability, creating one of the highest-quality door handles on the market.

The suited handle is made from 316 marine grade stainless steel, as apposed to the industry standard 304, equipping it with competitive long-term resistance to corrosion.

## Thresholds

The SEAMLESS bifold, French Door & single door can all be designed with the following threshold options:

### Standard threshold

A 55mm threshold that acts as a full weather break.

### Low threshold

A 20mm threshold for a seamless look.

### Low threshold with rebate

A 20mm rebate attached to a low threshold.

### Low threshold with ramps

Ideal for homes that need additional accessibility.

### Integrated cill

Provides full weather rating and maximises the overall sash height.

### Universal aluminium cills

Compatible with most systems, directing water away from brickwork (available as 90mm, 150mm, 190mm & 230mm).

# SEAMLESS SLIDER

Perfect soft closing technology with uninterrupted views

Aluminium sliding doors create a visually stunning addition to your home and can add huge value to the property.

The SEAMLESS slider system is an ultra-modern, super-slim sliding patio door solution with double and triple track options with the choice of inline slider or lift & slide.

Engineering-grade hardware allows for silky smooth operation, with the use of narrow profiles. Designed with bottom rails of 42mm and 34mm wide, the system enables vast unobstructed stunning views.

A wide variety of configurations are achievable, including a fixed sash and up to 4 panes, as either inline sliding or lift and slide doors.

What's more, all our doors are rigorously tested to European safety standards and powder coated to Qualicoat's specifications, for complete peace of mind.

- ❑ Market-leading sash sizes of up to 2.5m x 2.7m per sash
- ❑ Minimal, super-slim interlock sightlines of just 25mm or 50mm
- ❑ Double and triple track options available
- ❑ Inline slider as standard with the option of lift and slide
- ❑ Wide variety of configurations achievable
- ❑ Maximum weatherproofing and security

SEAMLESS sliders perfectly frame and enhance an outdoor view while creating a light and bright indoor space in your home. The design transforms entire walls into expanses of secure glass, providing the increased freedom of accessibility while creating a seamless connection between the interior and the outdoors.

The system is designed for large opening sizes, with market-leading sash sizes achievable of up to 2.5m x 2.7m per pane. Paired with a super-slim interlock of just 25mm or 50mm gives maximum vision and uninterrupted views.

There is a perfect solution for every project with the SEAMLESS sliding door system. Choose from a wide variety of configurations, depending on the number of panes required, and which panes are sliding or fixed.

The sliding doors also offer excellent thermal performance - with U-values as low as 1.4 U/m<sup>2</sup>K; effective noise reduction; and high security to PAS24:2022 standards.

The system has been designed to accommodate double and triple glazed units and blinds in glass. Innovative engineering allows for vast expanses of glass to create an impressive visual impact.

SEAMLESS's market-leading 25mm and 50mm super-slim, one piece interlocks are easy to fabricate with no need for end caps. Made of robust aluminium, the interlocks can be used with the inline slider, no matter the size of the door.

#### **Special features of the SEAMLESS sliding door:**

- Trickle vents can be added
- Multi-locking mechanism
- Stainless steel lamina on rail profiles for smooth sliding
- Plastic rail cover (PVC) for thermal insulation and water protection
- Rubber tubular gaskets (EPDM) providing an absolute seal
- Two levels of channelling water for improved drainage

# Hardware

The super-slim SEAMLESS slider comes with a range of sleek, complementary hardware available in a variety of colours.

Combined with a high-security multipoint locking system, the slider is equipped to keep properties safe and secure.

## Universal Aluminium Cills

The SEAMLESS slider is also available with a range of universal aluminium cills that direct water away from the brickwork while also offering an additional design element to the door's aesthetics.

Our aluminium cills are more robust than uPVC and come in sizes of 90mm, 150mm, 190mm & 230mm.

Available in our stock colours for a sleek finish, with the option of powder coating in any RAL colour for the ultimate match.

# SEAMLESS WINDOW

Class-leading, versatile design for stunning openings

The SEAMLESS window range offers a versatile design that caters to the aesthetics and insulation requirements of today's residential properties.

The elegant, contemporary designs perfectly complement our SEAMLESS systems, bringing you a cohesive range of products to complement one another. With our powder coated colour options, you can also match the colour of your aluminium frames with your other SEAMLESS systems.

The unique flush frame and sash designs of the SEAMLESS windows provide amazing sightlines for the home, maximising the views and transforming them into a focal point of the property.

Simple and easy to install with a 10-year guarantee, SEAMLESS windows are one of the top choices for homeowners and installers alike. On top of this, our windows are super energy-efficient, providing A-rated performance as standard, with double and triple glazing options available.

Enjoy the long lasting benefits provided by aluminium windows due to their strength, durability and smooth operating components. Benefitting from quality, UK Manufacturing, SEAMLESS windows boast the very best materials on the market.

SEAMLESS windows are available in a full range of styles and configurations, colours, glazing types and hardware options, providing the freedom to design the perfect aluminium windows for any project.

Our range of PAS24:2022 accredited aluminium windows boast a range of security features, from multi-point locking, to engineering-grade hardware.

Using the most up-to-date window system on the market, our aluminium windows are made to order, with multiple customisation options available to suit your bespoke style and taste.

## Hardware

The SEAMLESS window comes with two styles of handles to choose from, combining high security with luxurious style.

The Mila handle is available in gold, chrome, satin, white & black.

- ❑ Flush frame and sash gives amazing sightlines
- ❑ Document L compliant with all current regulations
- ❑ Choice of 5 frame and handle colours
- ❑ PAS24:2022 compliant
- ❑ Designed to complement other SEAMLESS products

# SEAMLESS ENTRANCE DOOR

## Luxury Aluminium Panel Entrance Doors

Our SEAMLESS thermally efficient range of aluminium doors and aluminium panels are manufactured to provide high performance solutions for today's specification demands. Maximum security with longevity protection.

Using an innovative and unique 4 stage pre treatment process a standard. This process ensures that our aluminium door panels have a superior finish, enhanced appearance, extra longevity and improved durability.

With 65 panel designs to choose from, and more than 21 bespoke designs of patterned / textured glass available, ranging from traditional to contemporary. The range also offers 5 privacy levels to suit every homeowners' needs.

Our panels are made to order meaning the aluminium skins are cut first, and then powdercoated. This ensures a water tight membrane on the edge of the skin which prevents water ingress and corrosion.

Ensure your customers' door stands out from the crowd with premium aluminium glazing trims. Available on one side or both sides.

- 4mm reinforced MDF core
- Fully bespoke and made to order
- 4 stage pre-treatment for enhanced performance
- Anti-corrosion and fully powdercoated
- 2000+ colour options
- Uniformed coverage
- Stunning choice of anti-corrosion hardware available
